You can swim or admire the stunning view of the sea & sand here. Accommodation in Danang. If you are here in the weekend, you have chance to see the Fire and Water Breathing of The Dragon bridge, designed and built in the shape of a dragon and to breathe fire and water. It breathes fire in 3 minutes of water breathing after, making it an incredible highlight in Danang City. The water is sprayed out in a powerful blast reflecting the aspiration of Danang City: Fire and Water Performance. This is happened at 21:00 every Saturday - Sunday night and holiday.

DAY 2: DANANG – BA NA HILL (B & L)

07:30 – 08:00 Our guide picks you up at hotel and other at other hotels, then transfer to Ba Na Hills. one of the most interesting area's in the region as it often provides you with four distinct seasons within a single day: morning - spring, noon - summer, afternoon - autumn and evening - winter. Not many places in the world can make this claim making it a must see.

09:00 Arrive in Ba Na Hills station and start the journey to mountain by cable car which is recognized as the longest World cable car and the biggest difference of the height between station 1 and station 2 by Guinness. We will visit some beautiful places such as Debay wine-cellar, Linh Ung pagoda with its exquisite architectural design. It was built in 2004 and is symbolized by a 30m high Buddha statue that is exposed amidst an immense space of clouds and mountains. Close to Linh Ung Pagoda, remains the cellar of the French which is still used today to distil alcohol and is open for tourists to visit.

12:00 Have buffet lunch in restaurant

13:00 After lunch, continue our visit to the natural Monkey garden and tourists will have chance to conquer The God Mountain at 1487 metres of altitude over sea level. This is the highest peak in central of Vietnam. Finally, explore the Golden Bridge - unique piece of bridge design. Winding its way around a 150-meter course lined with flowers, a golden bridge shimmers against the Ba Na Hills, supported by a pair of giant hands. The Golden Bridge opened to visitors in early June 2018, in the tourist retreat of Thien Thai Garden. The bridge sits 1,400 meters above sea level, an altitude which creates the illusion of a silk strip hiding in the clouds above Da Nang.
