### Tour Overview:

The only one of its kind in Malaysia, Kuala Gandah Elephant Conservation Centre lends itself to being fun and educational for all the families. The park is a natural habitat for a number of endemic elephants rescued from the wild. You will get a chance to observe the time and care that goes into the rehabilitation of these majestic pachyderms and the conducted activities here are meant to educate the public about the importance of protecting the species which will become extinct due to the destruction of habitat and the natural environment by human beings.

During the baby elephants bathing session, you might be able to jump in the river and give them a good scrub!\* Lunch is included.

### Note:

1. As a natural phenomenon, the baby elephants grow rapidly and therefore, their availability cannot always be guaranteed.
2. Additional charges may also apply

*All pick-ups and drop-offs are made at selected hotels within the **city centre only**. A **surcharge** will be imposed for pick-up and drop-off from outskirts hotels (this surcharge will be advised at the time of enquiry/booking)*
